Re: Docket #02-278
Indiana's Telephone Privacy Law

To Whom It May Concern:

I am writing to let you know of my concern to the above matter. We receive more than enough through the mail. It is offensive to me to receive calls all hours of the day for the same service we can get through the mail. I will more than likely *not* do business with those companies who make such calls.

Our time at home is private, and should not be interfered by outside advertising and such. As a consumer, I believe in our right to privacy at home.

Thank you for taking the time to read this, and I trust that you will make the right decision in withdrawing the FCC petition.

Sincerely,

Paulette E Cardin
